

Product Overview

Safe n Simple focuses on product quality, patient safety, and cost containment. With the introduction of the Simpurity Hydrogel Impregnated Gauze wound care dressing we are proud to expand the Simpurity wound care product line. Simpurity wound care products follow evidence based medicine, facilitate moist wound healing and improve patient outcomes while lowering costs.

Simpurity Hydrogel Impregnated Gauze Wound Dressing is designed to provide a moist wound healing environment for wounds with minimal or no exudate. Contains a high viscosity gel impregnated into the gauze pad. Easy to apply.

Product Features

- Easy to apply and remove from the wound
- High viscosity gel
- Designed for wound packing

Indications

Simpurity Hydrogel Impregnated Gauze Wound Dressings are indicated for the management of minimal-to-no exudate wounds such as:

- Pressure sores
- Leg ulcers
- First and second degree burns
