

Not All Skin Barrier Rings Are Created Equal!

INTEGRITY SEAL

- Maintains its integrity and does not melt down
- Ideal for patients with a Colostomy
- Stretches further than other rings on the market and molds easily into creases and crevices
- Easy to remove from the skin for individuals with sensitive skin
- Provides a comfortable, protective seal to prevent leakage

SNS68002 - 2" Ring - 20/box

CONFORMING SEAL

- A high absorbency seal that creates a classic turtleneck providing a secure fit
- Ideal for patients with any type of Ostomy
- Great for replacing pastes and creams
- Reduce leakage issues and add an extra layer of protection to any pouching system

SNS684U2 - 2" Ring - 10/box
SNS684U4 - 4" Ring - 10/box

EXTRA THICK CONFORMING SEAL

- Maintains a secure seal at the skin surface
- An extra thick ring ideal for all types of ostomies
- Absorbs moisture as needed to eliminate blow-outs of pouch edges
- Designed to provide extra absorption and leak protection

SNS684D2 - 2" Ring - 10/box

LONGEVITY CONFORMING SEAL

- A dual layered absorbent ring, ideal for all types of ostomies
- White layer contains zinc oxide to promote healthy skin
- Tan layer absorbs moisture to maintain a secure seal

SNS684H2 - 2" Ring - 10/box
